Thank God it's Friday!

Wondering what Friday dressing is all about? Get rid of those ties, the strictly formal shirts and tops and take a closer look at what you can sport on the last day of your working week.

INFORMALLY YOURS
This smart combo oozes comfort in a cool, stylish way. Beige linen trousers teamed with a pleasant, easy-on-the-eye striped shirt that gives out a laidback-weekend-ahead vibe. A brown belt adds to the overall impact.

PRETTY LADY
Sass up your style with an A-line floral printed skirt that flatters, yet looks distinctly feminine, thanks to its white pink ribbon detail. Match it with a casual white top and dainty accessories. Don't get to wear some natural make-up with fresh, pink lip shade and you're all set for the weekend!
